*“Only one who has insight, who sees what others do not, can be a true leader.” – Sadhguru*

## Sadhguru

Considered among India's 50 most influential people, Sadhguru is a yogi, mystic, bestselling author and poet. Absolute clarity of perception places him in a unique space, not only in matters spiritual but in business, environmental and international affairs, and opens a new door on all that he touches.

Sadhguru's talks have earned him the reputation of a speaker of international renown. He has received the Padma Vibhushan, been a lead speaker at the UN General Assembly and a regular at the World Economic Forum, besides speaking at establishments such as the World Bank, House of Lords (UK), TED, World Presidents' Organization, MIT and Google to name a few.

A country on the threshold of an immense possibility poses a phenomenal opportunity for an entrepreneur. Nevertheless, the myriad challenges of scaling up one's business in this fast changing and disruptive environment are also well-known.

How does one accelerate business growth in this environment?

How does one build a strong network of proven leaders for practical solutions?

How does one ensure success doesn't come at the cost of the one driving it?

## **We welcome you to INSIGHT!**

A start of a journey to explore deeper dimensions of creating long-term growth.

This year, we will unravel the DNA of success of Kishore Biyani and Bhavish Aggarwal, through live case studies facilitated by experienced Resources Leaders and the insights gathered will become the subject for discussion, debate and application.

## Testimonials

"I know of no other program in my fifty years of global experience where you have such a large gathering of CEOs available as Resource Advisors for four days."

**- Dr. Ram Charan,**

*Business Advisor, Author and Top CEO Coach*

"There is a business context, there is an individual personal context and there is a context of inner dimension. It's entirely appropriate that someone like Sadhguru takes the lead in this sphere."

**- K. V. Kamath,**

*President, The New Development Bank BRICS*

"I have attended innumerable national and global business leadership conferences, but what INSIGHT has done for me in just 4 days is simply phenomenal. It has completely changed the way I work and live."

**- Anisha Motwani,**

*Managing Partner at STORM the NORM Ventures, Author & Professional Speaker*

"The perspective and practices that Sadhguru has given gives you the strength and stability to go through the day without getting overly disturbed by stress. I can clearly see that I've become gentler and less judgmental. My equanimity and sense of calmness in the face of all that life throws at me has certainly improved a lot."

**- Ravi Venkatesan,**

*Former Chairman, Microsoft India*

"Here was a situation where large companies were meeting with SMEs, and each one of them brought a refreshingly different perspective, and that really helped us complement and learn from each other, in a way that most other programs do not offer today."

**- Vellayan Subbiah,**

*Managing Director at Tube Investments of India Ltd.*

## Venue:

The Isha Yoga Center is a sacred space for self-transformation. Isha Yoga, designed by Sadhguru, distills powerful ancient yogic methods to create peak physical, mental and emotional wellbeing.

A number of consecrated spaces housed at the Center provide a conducive atmosphere for inner growth such as the Theerthakunds (energized water bodies) and the Dhyanalinga, a powerful and unique energy-form situated beneath a pillarless 250,000-brick dome structure. The INSIGHT program itself will take place in the architecturally distinctive Spanda Hall and garden, a meditation hall and program facility. Isha Rejuvenation Center and the Isha Home School are also located on the premises.

On the outskirts of Coimbatore, the Center is located at the foothills of the Velliangiri mountains. It offers fully equipped conference and accommodation facilities, infused with earthy aesthetics of rare elegance. Its specially appointed kitchens draw upon the traditional culinary delights of India, to offer a menu rich in taste and nutrition.
